

HOW TO PLAY

01 Find all nine words.

Read the list beneath each grid. Circle each word as you find it, then tick the box beside it.

02 Follow the direction note.

Early puzzles run across and down. Later puzzles add diagonals and backward words. Words follow straight lines and may cross.

03 Ignore spaces and hyphens.

For example, PARTS WASHER appears as PARTSWASHER in the grid. Abbreviations appear as listed.

04 Check the answer key.

Every puzzle has a matching numbered answer. The answer page is printed beneath each word list.
